

Claudia Sichtung

[Applied Systems Biology Now: Agfra Health Care, Trier](#)

Main Research Areas

- **Topic of the project module:** "Development of a generalised object-oriented framework in C++ for simulation, measurement and analysis of cell distributions in 2D and 3D pre-segmented images"

Curriculum vitae

Professional Career

since 11/2018
2018

Technical assistant at the Hans Knöll Institute
M.Sc. in Bioinformatics at the Friedrich Schiller
University Jena

2014

Research exchange at the Madras Institute of

2013/2014

Technology in Chennai, Indien
Special Research Student at the University Osaka,
Japan

2013

B.Sc. in Media Systems at the Bauhaus-University
Weimar
