

Tropolone natural products.

Guo H, Roman D, Beemelmans C (2019) Tropolone natural products. *Nat Prod Rep* 36(8), 1137-1155. (Review)

[Details](#)

Abstract

This review provides a comprehensive overview of newly discovered natural products containing a tropolonoid motif from 2008 to early 2018 and depicts the ecological context in which they have been isolated. This review has a strong focus on describing the different analytical tools and molecular biological approaches used to identify the underlying biosynthetic pathways.
