

# **New laboratory building on the Beutenberg Campus**

## **Leibniz-HKI establishes a Biotech Center**

31.08.2018 // 11:36

The Leibniz Institute for Natural Product Research and Infection Biology on the Jena Beutenberg Campus has just received planning permission for a new laboratory building. In the future, this building will house research groups dedicated to biotechnological and immunological topics. The scientists also aim to build bridges to applied research.
