

Scientific advisory board | Board of trustees | General meeting

Administration

Elke Jäcksch

Board of Directors

Axel Brakhage
Elke Jäcksch

Ombudspersons

Miriam Agler-Rosenbaum
Marc Thilo Figge

Research co-ordination

Public relations

Michael Ramm

Ilse Jacobsen (Deputy)
Pierre Stallforth (Deputy)

Graduate programme

Equal opportunities

Christine Vogler

Departments

Applied Systems Biology

Marc Thilo Figge

Microbial Immunology

Ilse Jacobsen

Biomolecular Chemistry

Christian Hertweck

Microbial Pathogenicity Mechanisms

Bernhard Hube

Bio Pilot Plant

Miriam Agler-Rosenbaum

Molecular and Applied Microbiology

Axel Brakhage

Deep Microbiome Metabolomics

Sarela García-Santamarina

Paleobiotechnology

Pierre Stallforth

Microbiome Dynamics

Gianni Panagiotou

Independent junior research groups

Adaptive Pathogenicity Strategies

Mark S. Gresnigt

(Epi-)Genetic Regulation of Fungal Virulence

Slavica Janevska

Metabolomics-guided Natural Product Discovery

Jethro Hemmann

Phagosome Biology and Engineering

Leijie Jia

RNA-Biology of Fungal Infections

Matthew Blango

Robotic-assisted Discovery of Antiinfectives

Luzia Gyr

Research groups

Drug Delivery

Thomas Orasch

Fungal Septomics

Oliver Kurzai

Associated groups

FSU · UKJ

Archeogenetics

Christina Warinner

Pharmaceutical Microbiology

Dirk Hoffmeister

Translational Infection Medicine

Sebastian Weis

Cross sectional units

International Leibniz Research School

Christine Vogler

Jena Microbial Resource Collection

Kerstin Voigt

National Reference Center of Invasive Fungal Infections

Oliver Kurzai

Transfer Group Antiinfectives

Axel Brakhage (acting)
